Why Are We Up Here?

- We joined Drupal.org within about 2 weeks of each other
- Drupal evangelism is something we're both committed to
  - It's in Ray's job title
  - It's part of Peter's role as a Drupal Association "community ambassador" and Advisory Board member.
- We want you to stay involved in the Drupal community past today's camp

Why Promote Drupal?

- "Free software that people value adds wealth to the world." - John Carmack

- "My work on free software is motivated by an idealistic goal: spreading freedom and cooperation. I want to encourage free software to spread, replacing proprietary software that forbids cooperation, and thus make our society better." - Richard Stallman

The Drupal Association

supports **YOU -** the Community, the Drupal software project and its growth.

The DA Supports the Community by:

- **Maintaining and updating the hardware and software infrastructure of Drupal.org**
- **Empowering project participation and contribution**
- **Community Cultivation Grants**
- **Legal work and advocacy for Drupal project**
- **Funding of Scholarships**
- **Organizing DrupalCons around the world**
